

# HOW CLEAN THE THORZT COOLERS BEFORE FIRST USE/AFTER USE:

**THORZT**  
HYDRATING HARD WORK

## 1. SEPARATE

Separate the lid/s from the coolers.

---

## 2. WASH

Wash the coolers and lids with the warm soapy water - including draining some of the mixture through the taps by either pressing the valve (5L cooler) on the or by turning the tap (2.5L, 10L, 20L, 55L).

---

## 3. SOAK

Let it soak for 5-10min.

---

## 4. RINSE

After washing, rinse away the cleaning solution and flush the coolers with warm tap water.

---

## 5. DRAIN

Drain all remaining water.

---

## 6. REATTACH

Reattach the lids to the coolers.

---

## 7. DRY

If storing, allow to dry completely.
